Vibeverse cafe – Ui/Ux

<https://www.figma.com/board/PbIn0DSaoYnsxPSE9wL2Fs/vibeverse-ui%2Fux?t=2tTza4EVsGiHoV6n-1>

VibeVerse Cafe is a UI/UX interface design project for a food ordering application. It includes user-friendly screens for account creation, login, food selection, cart management, payment processing, and order acknowledgment. Designed with a seamless and intuitive user experience in mind, the interface ensures smooth navigation and efficient transactions. Created using Figma, the project focuses on enhancing accessibility, visual appeal, and user engagement.
